Profile

FullStack .NET Developer with 20 years in IT and 6+ years specializing in C#, .NET, and modern web technologies. Passionate about turning complex needs into efficient, high-quality solutions using ASP.NET Core, Vue.js, and SQL optimization.

Experience

Fullstack .NET Developer   Dec 2019 – Jun 2025

Onarim Izmir / Turkey

- Architected and delivered end-to-end custom web solutions using C# / .NET Core and Vue.js, automating key business processes to achieve a significant reduction in manual workload for clients.
- Designed and implemented scalable RESTful APIs with ASP.NET Core, leading to improved data processing efficiency and a substantial reduction in server response times.
- Developed responsive and interactive user interfaces with Vue.js and Blazor, resulting in enhanced user engagement and a notable reduction in task completion time.
- Containerized legacy and new .NET applications using Docker, creating consistent deployment environments which led to improved production stability and a marked reduction in deployment-related bugs.

System and Network Administrator   Jan 2009 – Dec 2019

Onarim Izmir / Turkey

- Managed and secured a large-scale Windows Server environment, leveraging Active Directory and Group Policies to significantly enhance the overall security posture and streamline user management processes.
- Redesigned and hardened firewall configurations and implemented network segmentation to strengthen perimeter defense and effectively minimize internal and external security threats.
- Automated a wide range of routine administrative tasks and system health monitoring using PowerShell, leading to a significant reduction in manual workload and increased operational efficiency.

Skills

Backend	: NET Core, C#, ASP.NET Core, Entity Framework Core, RESTful API Design
Frontend	: Vue.js, JavaScript (ES6+), TypeScript, SASS/SCSS
Database	: MS SQL Server, PostgreSQL
DevOps / Tools	: Docker, Git, CI/CD, Cloud Deployment, Process Automation
Development Methodology	: Agile, TDD, Clean Architecture

Education

Gazi University   Sep 1998 – Jun 2001
*Associate's Degree **Computer Programming***

Languages

English - B2 (Professional Working Proficiency)
German - B1 (Actively improving)
Turkish - Native

Certificates and Training

Agile Project Management   Agu 2025
Gitlab

Microsoft Full-Stack Developer Professional Certificate   Jan 2024
Coursera

Microsoft Certified System Administrator   Aug 2008
Microsoft

Cisco Certified Network Associate   May 2009
Cisco

Key Projects

PDT Gabelstapler Academy (Germany)
Developed and launched an e-learning platform for forklift licensing courses, integrating interactive exams and secure payment gateways.
#Vue.js   #Typescript   #C# / .NET   #PostgreSQL   #Docker

Help Dunya (Germany)
Automated a project-tracking process previously requiring two full-time staff.
#Vue.js   #Javascript   #C# / .NET   #MS SQL Server   #Power Automate

Göztepe Sports Club (Turkey)
Developed and launched the club's official website, fully integrated with the management system via a custom-built administrative panel.
#JQuery   #C# / .NET   #MS SQL Server   #Content Management System (CMS)
